

Ori-Plast®

## uPVC SWR DRAINAGE SYSTEMS

### Application

Ori-Plast uPVC SWR pipes are used for drainage & sewerage purposes. The Ori-Plast SWR range is ideal for both residential and commercial premises of any height due to its superiority as compared to conventional systems such as Cast Iron. Ori-Plast SWR pipes and fittings are now available with Prefit PP rubber ring which is leak proof and easy to install.

### Benefits / Advantages

- ▶ Handling, Transportation, Installation and after sales service.
- ▶ Unaffected by chemicals and industrial waste.
- ▶ High Flow Rate throughout life due to its smooth internal surface.
- ▶ Prefit PP Ring provides sure leak proof joints.
- ▶ Corrosion resistant.
- ▶ All weather resistant, no effect of sunlight (UV).
- ▶ Aesthetic Superiority to CI and AC systems.
- ▶ Immune from rodent attacks.
